Subject: Letter of Support for University Gateway Apartments Request (Case No. CPC-2014-1544-ZC-ZAD)

Dear Ms. Singh,

At a special board meeting on December 9, 2014, the *Empowerment Congress North Area Neighborhood Development Council (NANDC)* passed a unanimous resolution (10 yes, 0 no, 0 abstention) to author this letter of support for the University Gateway Apartment and their request to remove the requirement to provide 440 off-site residential parking spaces.

Given the information presented to us about its current rate of use and the original restrictions placed on the structure, we feel it is in the best interest of both the University Gateway Apartments and the community as a whole for the requirement to be terminated and have the parking structure returned to USC to be used for other purposes. This request is supported by the Office of Councilman Curren Price.

Thank you for considering our letter in your deliberations.

Sincerely,

The *Empowerment Congress North Area Neighborhood Development Council* board

Andrea Canty, President

Eddie North-Hager, Secretary
